Re: Fees & Office Policy

Dear Client/Patient:

My basic office call fee for established patients is \$65.00. The scheduled appointment is generally 30 - 45 minutes. You may be charged an additional amount for time over 45 minutes. If you only desire a chiropractic adjustment with no additional energy balancing work, you must schedule it in advance as such. These visits will be allotted 15 minutes, and the fee is \$35.00 for 1-2 spinal segments, or \$40.00 for 3 or more spinal segments and/or extremities.

The fee for a new patient/first time visit is \$75.00 for the first 45 minutes. You may be charged an additional amount for visits over the initial allotted 45 minutes.

If you are interested in the full Body Scan, the fee for the 1st time Body Scan is \$200.00, and follow up full Body Scans are \$160.00. Both fees include one homeopathic remedy, which is a \$30.00 value. The full Body Scan usually can take 1 ½ to 2 hours. Please plan your time accordingly.

Please bring all vitamin supplements, homeopathic remedies, OTC, and prescribed medications you are taking, in their original containers, to all your scheduled appointments.

It is customary for patients to give 24 hour notice for a cancellation or change in their appointment. If prior notice is not provided, a minimum fee of \$50.00 will be charged for the missed appointment.

Credit or debit cards are not accepted for payment at this time. Please come to all your appointments prepared to pay in cash or with a check. If you need a receipt, it can be provided upon request.

I do not bill or file insurance.

Yours for better health, naturally,

Dr. Gale Keppel
